## Probable cases

### All COVID-19 Cases by Report Week

Confirmed Probable

Probable cases are those who test positive with an antigen test, not a PCR test.

Probable cases are not included in our confirmed case totals (PCR test only).

Cases that are confirmed with PCR tests are removed from the probable totals.

Please note 5/9 week's probable cases are high due to delayed reporting by a testing facility

## 14-Day Rolling Average of New Community COVID-19 Cases by Report Date

Please note: community cases only

## Hospitalizations by Report Week: All COVID-19 Cases

This graph shows hospitalizations by week for COVID positive Carroll County residents, in any hospital.

- Report week is the week their case was reported, which may not be the same week they were hospitalized. Only one hospitalization is noted per person.
- There is a slight data lag so recent numbers may increase.
- Additional hospital data can be found on our website:

## Pfizer Clinics for ages 12-17

- Studies show the Pfizer vaccine is safe and effective in ages 12-15 (already approved for 16+)
- Approved by CDC and Maryland Department of Health
- Vaccinated over 1750 adolescents – will be receiving 2<sup>nd</sup> doses soon
- Opening these clinics (June 9<sup>th</sup> and June 16<sup>th</sup>) to limited number of first doses
- <https://cchd.maryland.gov/covid-19-vaccination-for-children/>

## Making vaccination and other COVID services as accessible as possible:

- Continue to reach out to underserved communities
- Offering free transportation to vaccine sites – Carroll Transit System has transported 60 people free of charge to their vaccination appointments since February
- State mobile testing sites week of June 14<sup>th</sup>
- Health Department's new Health on Wheels RV debuting June 13<sup>th</sup> at the Food Truck Sunday Funday at the Farm Museum – looking for other events
- And don't forget the vaccination lottery – one person from Carroll County has already won a \$40,000 daily prize

## When you are fully vaccinated

- 2 weeks after their second dose in a 2-dose series, such as the Pfizer or Moderna vaccines, or
- 2 weeks after a single-dose vaccine, such as Johnson & Johnson's Janssen vaccine

## Per CDC guidance

- Fully vaccinated people can resume activities without wearing a mask or physically distancing
- Masks may still be required by federal, state, or local regulations and local business and workplaces

Masks are still required at:

- Healthcare facilities, nursing homes, and correctional settings
- Public transportation (including airports)
- Schools and childcare facilities

➤ People who are not yet fully vaccinated are strongly encouraged to continue wearing masks.
